

# TRIAXES Pro

## Government support for the development of a serial product.

You are an entrepreneur (SME, independent, start-up, spin-off) and want to develop a product in series? For example, a new packaging, a padlock, a tennis racket, a wind turbine, a stroller, a medical instrument, a connected device, etc... The TRIAXES Pro program offers you an unprecedented support of 3 to 6 months during your R&D phase. We put a team of 3 experts, specialized in industrial design, engineering and business development at your service.

*We offer two types of guidance:*

### 1. TRIAXES Pro « Study »

6 months guidance by 3 experts and R&D (Research and Development).

### 2. TRIAXES Pro « Pre-prototype »

Support in the development of a three-dimensional pre-prototype.

*The conditions for these two services are identical:*

## Conditions for participation in the TRIAXES Pro service:

- Your company's head office is located in the Brussels-Capital Region.
- Possession of a VAT number.
- Financial participation :
  - The project leader (you) must pay a deposit of 3.000 € at the beginning of the mission.
  - At the end of the mission, if the accompaniment went well, the project leader can recover 1.000 € from his deposit. The cost of the programme is 2.000 €.
- To be independent or to represent an organization with less than 10 employees.
- To initiate an innovative project.
- Comply with the rules on the cumulation of subsidies (minimis).

## The advantages of the TRIAXES Pro service:

- A simultaneous expertise of three professionals: 1 engineer, 1 designer and 1 business developer.
- A professional audit on the economic and technological validity and the use of your idea.
- Preliminary work on the project that shortens the R&D time.
- Collaborative work, which increases the relevance of your project's ecosystem analysis, such as the analysis of usage scenarios and market frustrations.
- Learning from a collaborative work methodology.
- 50 to a maximum of 200 hours of guidance, by three experts.
- Guidance period: 3 to 6 months.
